GOVERNMENT OF INDIA
MINISTRY OF HEALTH AND FAMILY WELFARE
DEPARTMENT OF HEALTH AND FAMILY WELFARE

LOK SABHA
UNSTARRED QUESTION NO. 2057
TO BE ANSWERED ON 29th DECEMBER, 2017

PERFORMANCE OF MEDICAL COLLEGES

2057. SHRI RAJKUMAR SAINI:

Will the Minister of **HEALTH AND FAMILY WELFARE** be pleased to state:

(a) the number of Government and private medical colleges in the country at present;

(b) whether the Government has accessed the performance of the existing medical colleges and if so, the findings thereof indicating the details of under performing colleges in the country; and

(c) the details of measures undertaken to improve standards and quality of under performing medical colleges?

ANSWER
THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE
(SHRI ASHWINI KUMAR CHOUBEY)

(a): At present there are 227 Government and 252 private Medical Colleges in the Country.

(b): The Medical Council of India (MCI) is a statutory body set up for regulating and maintaining high standards in Medical Education. The Central Government grants permission for establishment of a Medical College on the recommendation of MCI which is made based on the assessment of the proposed college. As per the Provisions of Indian Medical Council (IMC) Act 1956 and Regulations made there under, permission for establishment of a Medical College is granted initially for a period of one year. The permitted medical colleges have to get yearly renewal permission till the first batch of students appear in final year examination and the course is recognized. For this purpose the MCI conducts yearly inspection of the colleges and makes its recommendation to the Central Government. Colleges found deficient in terms of faculty, residents, clinical material and other facilities for proper functioning of medical college and for offering minimum standard of medical education are not given renewal permission/recognition. 54 Medical Colleges were not granted renewal permission for the year 2017-18. State/UT wise & College wise list of such Colleges is given in the Annexure.

(c): The Government has introduced a common entrance examination viz. National Entrance cum Eligibility Test (NEET) for admission to all medical courses in the country through amendment in the IMC Act, 1956. The Graduate Medical Education Regulations, 1997 and Postgraduate Medical Education Regulations, 2000 have also been amended to provide for common counselling for admission to medical courses making the entire admission process transparent and merit based. Biometric fingerprint attendance and live streaming has been made mandatory in all medical colleges to monitor availability of faculty in the colleges and the quality of education being imparted.

Annexure

S. No	State/UT	Name of Institution	Seats	Seats not renewed
1	Andhra Pradesh	RVS Institute of Medical Sciences, Chittoor	150	150
